Instructions to Students

As part of your application to a Summerfuel program, we require that you complete the following form including a few short answer questions and a personal statement. Your personal statement is not a biography, but a reflection on your choice of attending the Summerfuel program you are applying for. Read the questions carefully and take your time. If you need more space to write, feel free to complete your statement on separate paper; we're happy to hear everything you have to say. **This form must be answered and completed only by you.
